WARNS RADICALS OF DEPORTATION

**Secretary Wilson Says All
Who Advocate Revolt Will
Be Sent Away.**

NEWARK, N. J., Jan. 15.—A warning that every alien who advocates the overthrow of the American government by force or who belongs to an organization holding such views will be deported as fast as we can find ships, was issued here last night by Secretary of Labor Wilson, in an address in which he defended his department's policy in respect to radical agitators.

Mr. Wilson said that 4,000 aliens who were physically and mentally unfit or who believed in the destruction of the government by violence had been deported since the armistice without any particular attention being paid to them by the public, but that the departure of the Buford with 245 anarchists had caused an accusation that men were being deported because of their radical views.

"Everyone who lives here," he said, "has the right to radical views and has the right to try to convince you and me, but when he tries to force his views on you and on the United States government he has no right to complain when that government uses force on him and sends him back to the country from which he came to try his experiments on some of the autocratic governments."

PARKER APPRECIATES WORK OF DEPARTMENT

A check for \$100 for the Memphis Fire Relief association—the firemen's benefit—was mailed to Chief Mike Fitzmorris by A. L. Parker, general manager of the Memphis Hotel company, as a token of appreciation of the good work of firemen Tuesday morning in extinguishing the blaze which broke out in the Hotel Gayoso. The letter follows:

"Dear Chief: We take pleasure in enclosing herewith our check for \$100, payable to the Memphis Fire Relief association, as an expression of our appreciation for the prompt handling of the blaze at the Hotel Gayoso, which occurred night before last.

"Due to the efforts of the salvage corps and the consideration of the firemen in not throwing a surplus amount of water, the damage to property and the consequent loss to the insurance companies, is comparatively small."

BIRMINGHAM TEACHERS TO ASK RIGHT TO MARRY

BIRMINGHAM, Ala., Jan. 15.—Right to marriage and parenthood without thereby disqualifying themselves as teachers will be demanded as one of the principles of the Birmingham Federation of Teachers, organized here Tuesday.

City school regulations provide that marriage automatically shall end a woman's employment in local educational institutions. Repeal of this regulation will be sought by the federation, which has announced its intention to affiliate with the American Federation of Labor.

Playing War Dance, Horribly Burned; Lad Fights To Live

Little Richard Hasslet, aged two, still is alive at the General Hospital, and is battling bravely for his life, which the fire fiend is attempting to claim.

Richard was horribly burned about the face, chest and legs Wednesday afternoon, when his Indian chief suit caught fire as he was doing a war dance around a bonfire with several companions in the back yard of the home of his parents, Mr. and Mrs. Joe Hasslet, 577 North Second street. When Richard's clothing caught fire he toppled unconscious into the dying embers of the fire. His injuries are believed fatal.

The lad was first taken to the Wesleyan hospital, then to the hospital for treatment. He suffered terrible agony throughout Wednesday night.

DR. BOSWORTH IN CHARGE OF TUBERCULOSIS CLINIC

Dr. Robinson Bosworth, an expert in the care of tuberculosis from a public health standpoint, has consented to take charge of the city's tuberculosis clinic. He will work in co-operation with the health department and with records can be secured within the next few months of every case of tuberculosis in the city, particularly of incipient cases, which can be cured.

Dr. Bosworth will join the city health department through an arrangement made by Mayor Paine with the trustees of the city and county tuberculosis hospital, the Oakville sanatorium, pending the erection of the buildings there. He was engaged last year by the trustees to supervise the construction and to take charge of the sanatorium when the buildings have been completed. Dr. Bosworth came to Memphis a few months ago from Minneapolis, Minn.

He and Dr. Andrews conferred with Mayor Paine Thursday morning as to enlarging the scope of the work heretofore done by the city clinic.

U. S. GROCERIES ON "SELF-SERVE" PLAN

Government surplus supplies and groceries at reduced prices on the self-serve plan are now being sold at Bry's. Commodious space on the third floor has been turned over to that department, which will be made a permanent feature, at least, as long as the government has any surplus merchandise to offer for public sale.

The announcement is made that there is on the way a large quantity of merchandise which will be on sale within a few days. Included in this shipment are a carload of canned tomatoes, a carload of canned peas, also one of corn.

Three carloads of white flour will soon arrive and be sold at a comparatively low figure. This flour is of a high grade white flour totally unlike the whole wheat flour offered to Memphis recently and rejected.

CALL FROM CALGARY FOR LOST BROTHER

Seeking word from the family of his brother, who left Calgary, Alberta, Canada, ago or 45 years ago and came to Memphis and married, George Campbell, 825 Fifth avenue, Sunnyside, Calgary, has written to Police Chief Joe Burney for aid in locating them.

He says his brother's name was Robert Campbell, and he thinks Robert married a Miss Clark in Memphis. He asked her understood that his brother was dead, but that he left a family.

George Campbell, who says he is well fixed in worldly goods, wishes to see his blood relatives before he dies. Of their family he and a sister are the only ones living, he says. He asked that Chief Burney inquire among the old-timers in Memphis for a line on his brother's family.

RANDOLPH CHAIRMAN OF JUVENILE COURT BOARD

Wassell Randolph was elected chairman of the new juvenile court board of trustees at the first meeting of the board Thursday morning. The other trustees are Frank H. Patton and Mrs. H. Peyton Woodson. Members of the board are in the office of the mayor, Mayor Paine and Mrs. T. P. Kelley, who eventually will be the judge of the court.

In the event that it is held by the courts that a woman can not serve as judge of the court, Mrs. Kelley probably will be named temporarily by Mayor Paine as superintendent, and will be put in charge of the juvenile court work in that capacity until the law can be so changed or amended as to permit the formal appointment of a woman as the presiding officer of the court.

John Galella, at present holding the office of juvenile judge, has not yet returned to the city. His term should have expired Jan. 1, but the city commission elected him on May 1, last year, for a year's term. His friends believe that he will resign upon his return to the city in order to give Mayor Paine a free hand in reorganizing the court.

Activities Among Memphis Negroes

By Rev. T. O. Fuller.

At a conference held in the office of the county superintendent of schools Wednesday, plans were put forward for the entertainment of the state supervisors of rural schools of Kentucky, Tennessee, Arkansas and Mississippi, who will hold an important conference here Feb. 2-4.

Rev. T. O. Fuller was made general chairman of the entertainment committee. Prof. L. E. Brown, chairman of the committee on place of meeting, and Prof. E. L. Honeysuckle, chairman of the committee on homes. A survey is being made of the plans will be enlarged.

It is said on what is believed to be good authority that Memphis will soon have a record-breaking crowd, as they are exceedingly popular in Memphis.

The way negroes are buying land in Mississippi looks like they are settling down to stay. Keep your eyes on Fulton. Several fine boys and girls from that place are enrolled at Hove.

The Baptist Ministers' City union will meet at the Union Baptist church, Turley street, Thursday afternoon at 1:30 o'clock. Rev. C. W. Graham is chairman and J. L. Fisher, secretary.

Negroes of Fulton, Miss., have formed the Fulton Progressive Land Co., capitalized at \$100,000, and bought the entire interest of the company that owned the property. The deal involves 80 town lots, saw mill, grist mill, large store and warehouse, 12 nice residences and 157 acres of additional land for town purposes. The deal amounted to \$100,000 and the purchasers made a cash payment of \$50,000. The negroes already owned 10,000 acres in that section.

The negro Baptists of the United States are in a big campaign for \$100,000, for educational, social and religious purposes. They have set aside \$100,000 for campaign expenses. At the meeting recently held at Atlantic City, Rev. T. O. Fuller was made chairman of the finance committee. It was voted to place a stenographer in his office for full time.

Dame rumor has it that Howe institute will go out of debt this year. Substantial business men of the city have come to the rescue and the school is crowded to the doors with students from all parts of the Memphis territory. The situation looks good and the authorities are all smiles. If negro citizens will come forward with another \$100,000 all will be over but the shouting.

The annual business meeting of the First Baptist church, St. Paul avenue, will be held Thursday night, Jan. 15. The reports for the past year will be made by the clerk and treasurer and

the budget made up for the ensuing year. The church is entirely free of debt and makes substantial contributions to charity, missions and education. The pastor, Rev. T. O. Fuller, is serving his 20th year, during which time the new church building was erected and paid for.

SPAIN CAPTURES ALABAMA SHARPER

Thornton Spain, negro, Tutwiler avenue, Birmingham, has a good memory for faces. And he also could remember Thursday morning when he spied a certain negro at "Confederate" park that he had lost a \$100 bankroll "making change" for that same negro the day before.

Thornton seized the negro and hauled him to Auto Policeman W. P. Davis, Birmingham, at the post office. At headquarters the captive gave his name as John Gardner, Montgomery, Ala. He was charged with larceny.

COMMANDER OF U-BOAT THAT SANK WARSHIP DEAD

BERLIN, Jan. 15.—Capt. Morhardt, commander of the submarine which sank the French battleship Danton and other vessels, died yesterday in a hospital after having taken poison, according to a dispatch to the Lokal Anzeiger.

The Danton was torpedoed in the Mediterranean March 29, 1917. She sank a half hour after being hit, with the loss of 294 men. The remaining 500 men of her company were saved by the destroyer Maesue and patrol boats. The Danton displaced 18,028 tons. An official statement from the German admiralty named Capt. Morhardt as the commander of the submarine which sank the Danton.

Street Car Ignores Traffic Signal; Hits Autos At Corner

Several lives were endangered Wednesday afternoon at 4:35 o'clock, when Motorcar No. 298, on south-bound Chelsea-Jones car No. 145 failed to observe the semaphore signal of Traffic Policeman Lucarini, at Main street, and Jefferson avenue, and crashed into an automobile waiting for a "Go" signal, sending the auto against another machine ahead of it. The rear end of the first auto was demolished, one occupant cut on the hand by flying glass and a second hurt from the rear seat onto the front one, before the motorcar got his car under control.

The machine struck by the street car was straddling the outside south-bound rail of the car track. It was a green Paige, driven by Willie Young. In the rear seat was the Rev. John A. Valley, 308 Chelsea avenue. When the street car struck it, buried Rev. Valley into the front seat. Young's hand was cut.

The Paige was sent crashing into the auto of J. Q. Wells, 619 Pearce street, sending his car forward about 40 feet, according to Lucarini. Mrs. Wells and the Wells baby also were in the first car.

When the crash occurred the traffic semaphore was set against north and south traffic, to permit east and west traffic to go through.

A police did not arrest Motorcar No. 298.

BIG FREIGHTER LAUNCHED

PHILADELPHIA, Jan. 15.—The 7,425-ton cargo carrier Clearwater, Hog Island's 1st vessel, which was named by Mrs. Woodrow Wilson, was launched today, Miss Eleanor Davies, of Washington, D. C., was the sponsor.
